**Underinsured Motorist Insurance**

For over 30 years McWhirter, Bellinger & Associates, P.A. has helped thousands of injured motorists get the money they deserve. Sometimes the other driver doesn't have enough insurance to fully compensate you for your losses. That is when your Underinsured Motorist (commonly called UIM) insurance comes to the rescue. It provides the additional coverage you need to cover medical bills, pain and suffering, lost wages, and other expenses.

UIM coverage is not automatic with your automobile insurance policy - you have to ask your agent for it. Fortunately, it is very affordable and worth every penny if you are injured in an accident by a driver who has too-little insurance.

Protect yourself and your family. **Call your insurance agent today to make sure you have Underinsured Motorist Coverage.**
